## Full Stack Web Development

### CAREER OBJECTIVE

I'm a Software Engineering graduate from Jordan University of Science and Technology with solid experience in web development. I completed 900+ hours of training at Orange Coding Academy, delivering 7 full-stack projects. Skilled in HTML, CSS, JS, TypeScript, C#, ASP.NET Core, and SQL Server. A collaborative team player familiar with Agile/Scrum, eager to build innovative solutions.

### Technical Skills

**Front-End:** HTML/CSS, JavaScript, Bootstrap5, TypeScript, Angular.

**Back-End:** C# (OOP principles), .NET Web Form, ASP.NET Core MVC, Core API.

**Database:** SQL, SQL Server (complex queries, joins, performance tuning).

**Version Control:** Git, GitHub.

**Software Development Practices (SDLC):** Scrum, Agile.

**Tools:** Visual Studio, Visual Studio Code, Figma, Trello.

### Soft Skills

Performance Review	Critical Thinking	Time Management
Data Analytics Skills	Problem-Solving Ability	Effective Communication
Requirement Analysis	Creativity and Innovation	Attention to Detail
Learning Agility	Team Collaboration	Fast learner

### Experience

Ajloun Directorate of Culture – Internship

May 2025 – June 2025

Completed a one-month training program at the Directorate of Culture in Ajloun, where I contributed to designing and developing the official website of the directorate.

Technologies used: ASP.NET Core MVC, SQL Server, HTML, CSS, JavaScript, and Bootstrap.

Gained hands-on experience in working with real clients, gathering requirements, and deploying a live web application in a collaborative team environment.

**Orange Coding Academy, Irbid/Jordan**  
**Full Stack Web Development Trainee**

**Dec 2024 – May 2025**

**Work Experience:**

- Successfully completed an intensive full-stack development training program at Orange Coding Academy, gaining hands-on experience in both front-end and back-end technologies.
- Developed and maintaining dynamic web applications using HTML, CSS, JavaScript, C#, TypeScript, and ASP.NET Core MVC.
- Created responsive and intuitive user interfaces with Bootstrap to ensure optimal performance across various devices.
- Efficiently managed and queried databases using SQL Server for streamlined data storage and retrieval.
- Worked within Agile teams, actively contributing as a Scrum Master and Developer to deliver high-quality projects while adhering to Agile principle

---

## **Projects**

**HR-Management-System ([GitHub](#))**

Developed an HR management system using ASP.NET Core MVC with dashboards for employees, managers, and HR. Implemented task management, attendance tracking, and leave request features. Added SQL-based reports and data exports to simulate real-world HR analytics.

**Candy-Sweets, Project-Angular ([GitHub](#))**

Built a responsive e-commerce web app using HTML, CSS, TypeScript, Bootstrap 5, and Angular. Implemented user features like registration, cart, payment, reviews, and order tracking. Developed admin panel with voice search and SQL-based product reports from user behavior.

#### **Library System ([GitHub](#))**

Developed a library management system using ASP.NET WebForms, HTML, CSS, Bootstrap, and JavaScript. Led the project as Scrum Master, managing Agile workflows and team coordination. Added SQL-based analytics and reports to support admin decisions on borrowing and room reservations.

#### **Testing Platform ([GitHub](#))**

Built an online quiz platform using HTML, CSS, and JavaScript with secure login and user profiles. Included IQ, English, and technical tests with anti-cheating features and countdown timers. Added results analysis, PDF reports, and interactive scoring following Agile practices.

---

## **Education**

- **Orange Coding Academy** (Dec 2024 – May 2025)  
Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).
- **Jordan University of Science and Technology** (Oct 2019 – July 2024)  
Bachelor's Degree in Software Engineering.

---

## **Courses and Certificates**

- Asp.net core 7 with C# from Coderz ([Certificate](#))
- Web development using asp.net core from Al-Raja International Company ([Certificate](#))
